

MANUFACTURER CERTIFICATE

Jamax Rullestillas

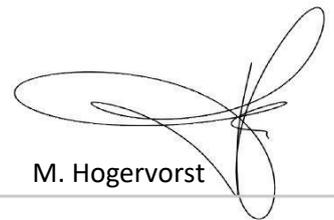

Altrex B.V. hereby declares that the products mentioned above, build and used in accordance with manual - 1. utgave, 18.01.2024 comply with EN1004-1:2020 and EN1004-2:2021, with the exception of:

- EN1004-1:2020 section 7.4.1 for intermediate platforms. Due to the rung distance of 28 cm, the distance between hand and knee rail on intermediate platforms is 4 cm bigger. This poses no increased risk to the end user. If desired, additional horizontals can be fitted to meet the criteria.

Reference number: 8028-JR-2407-1
